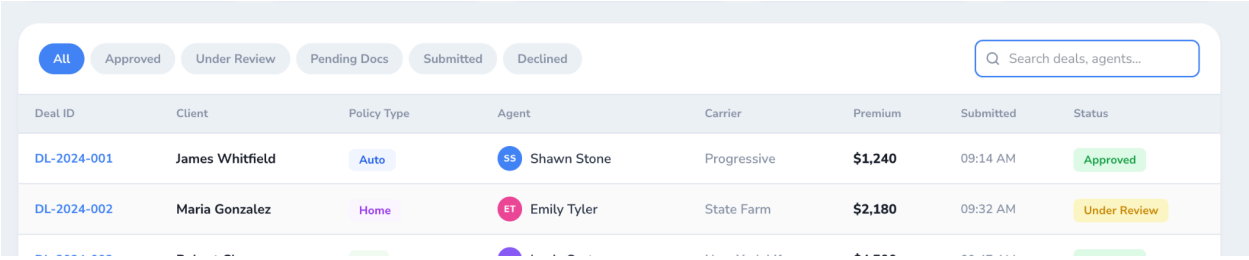
View page in commission and daily deal flow



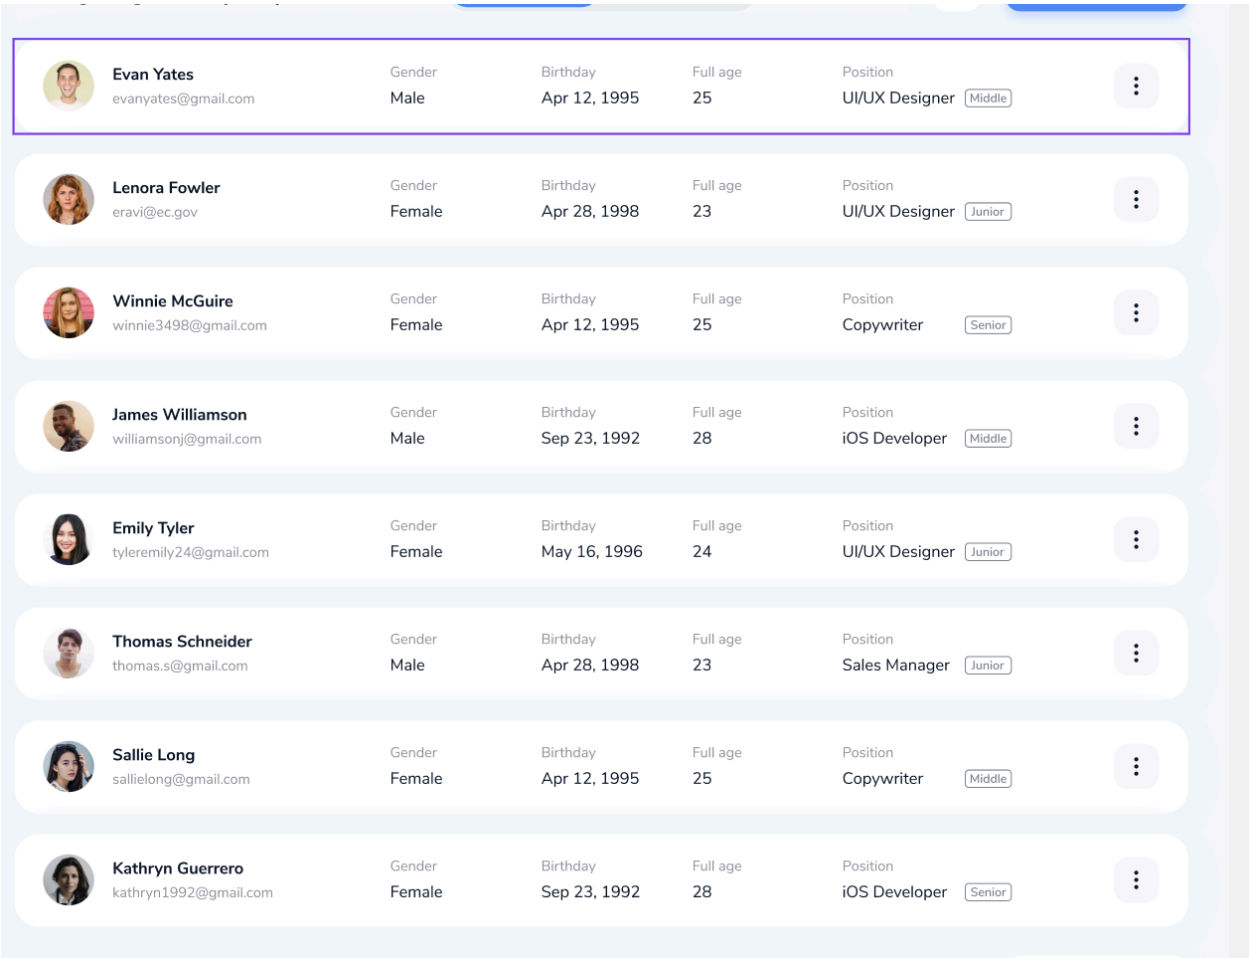
Take search on the left and then add filters (multiple drop down on this column) , banner filter height should be increased

Move export above

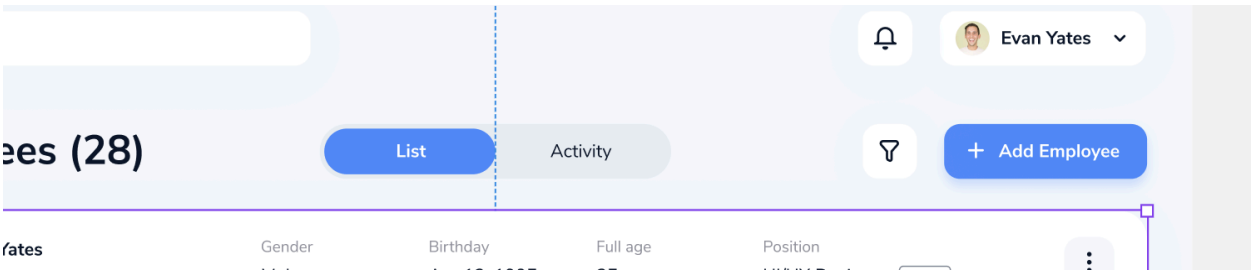
+ Pagination implementation (next back etc) reusable

Colors reduce use from approved

Action button for view (full column) view edit delete



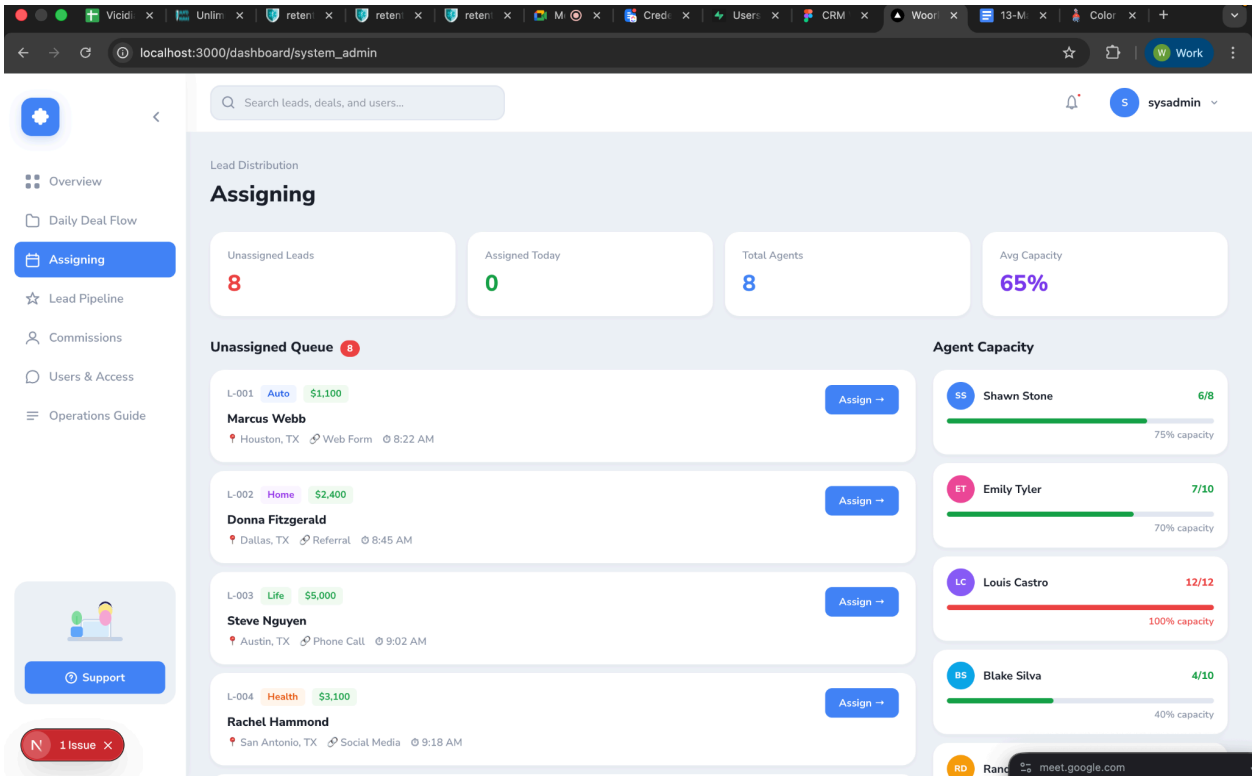
Follow the 3 dot options for view delete edit lead



Follow filter + add employee button from here

Use add lead

Remove



Inspiration

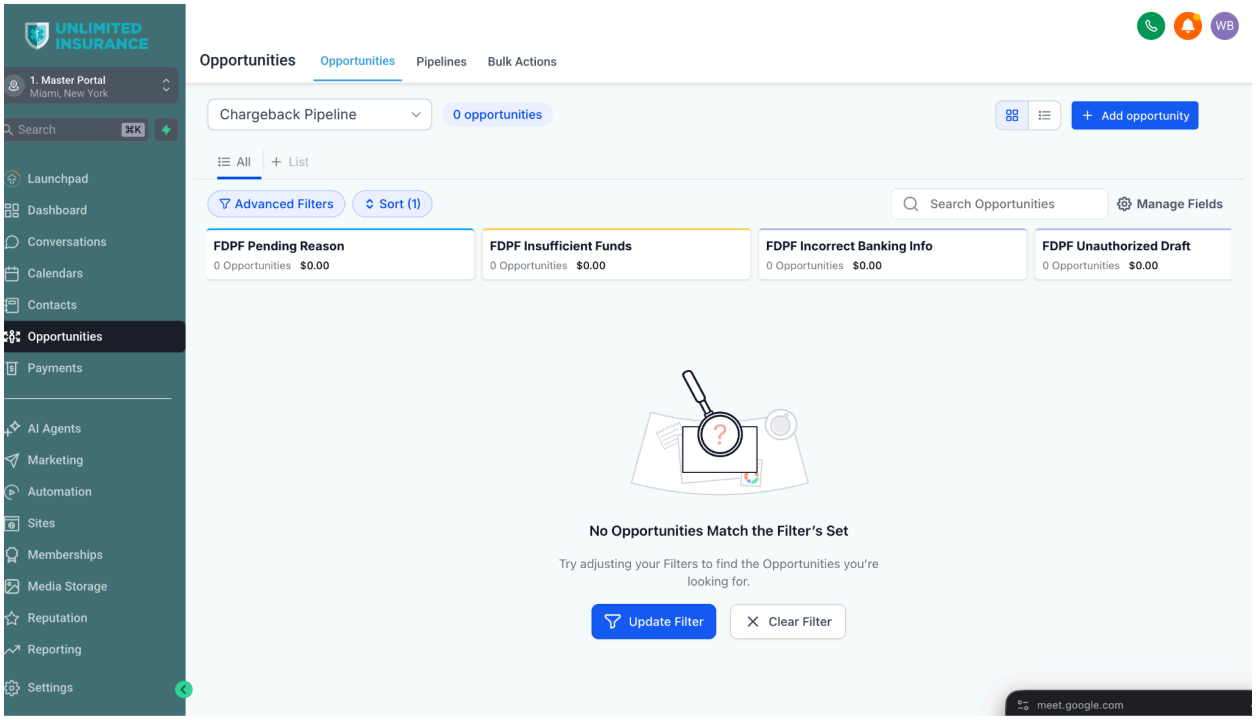
https://layers-r2.com/cdn-cgi/image/width=2560,format=avif/3f3e589b-c57e-4b2c-8c3d-c277aa3dfeff--Kanban-Board-Dashboard-Dribbble-2.png

Filter grid search, sorting

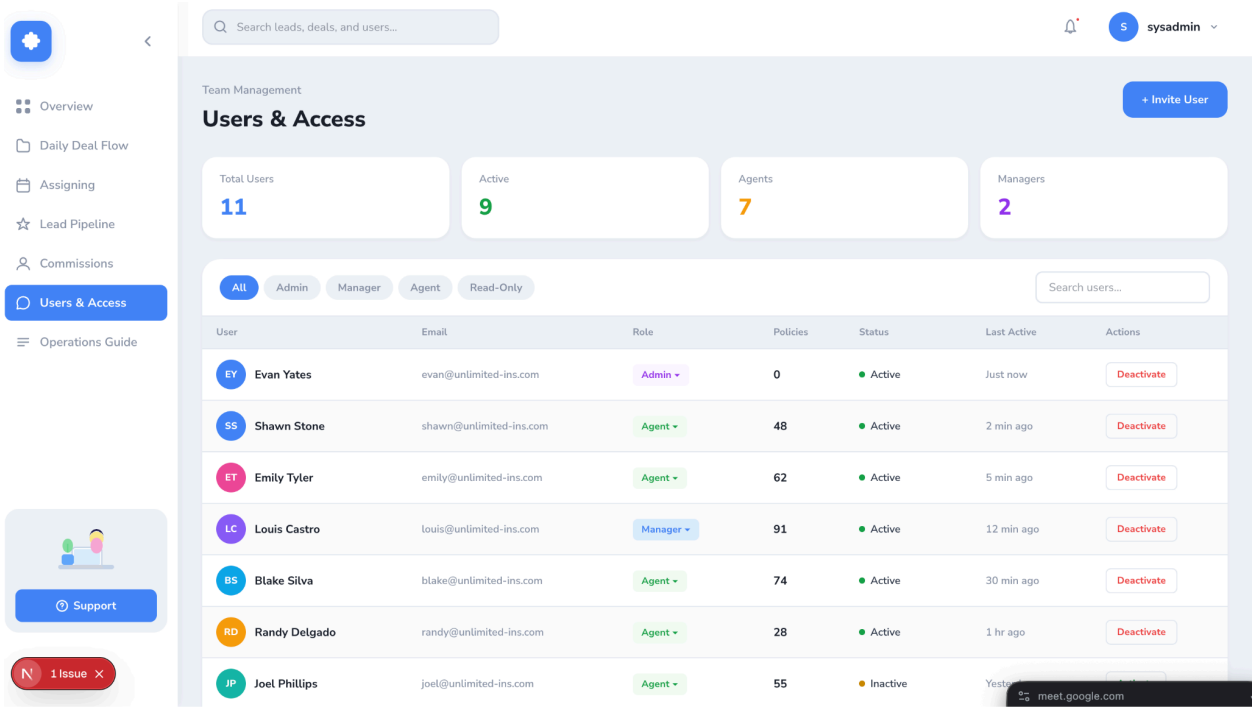
List to kanban switch but we will have 11 ghl stages so adjust

Dropdown to change pipeline

Inspiration from here too



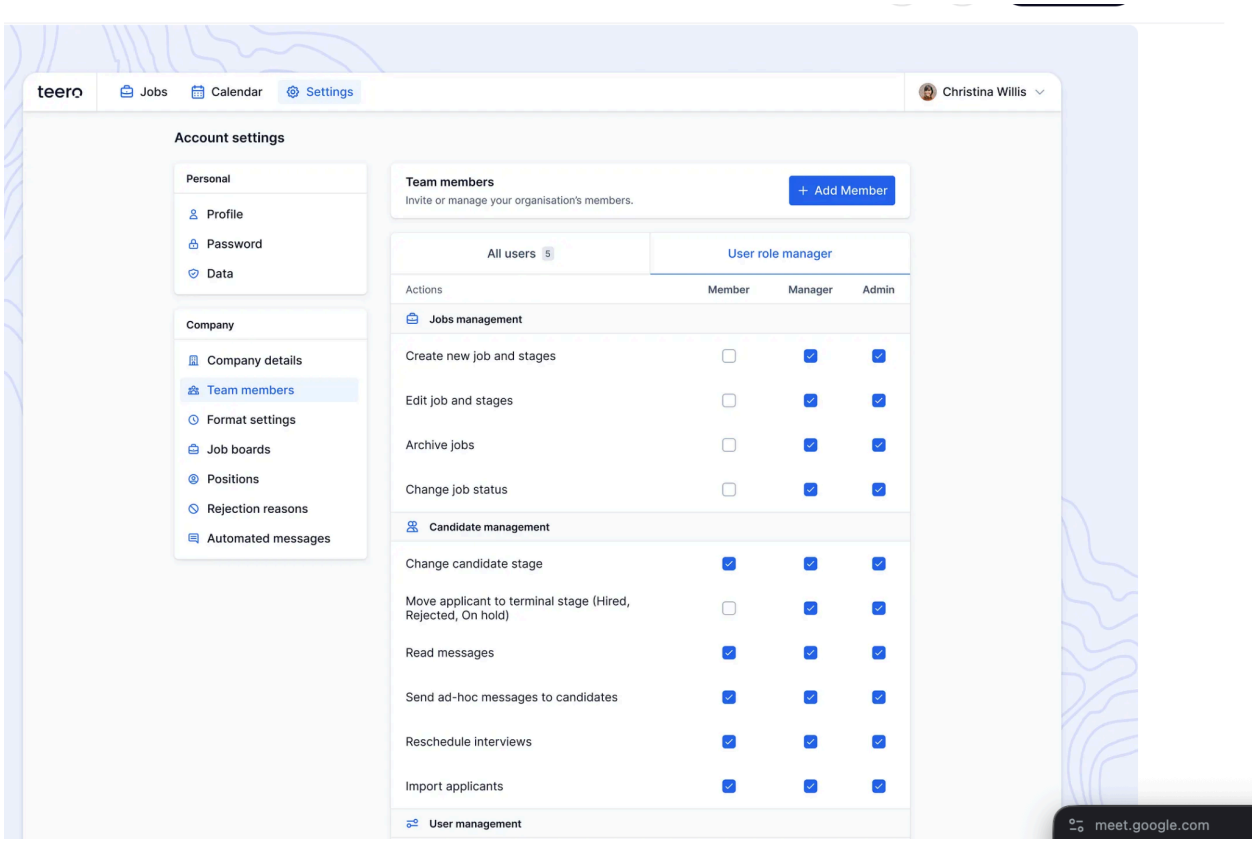
Functionality from here design from previous one



Add user + form popup

User create username + email
Roles selection

Roles ki bases



https://dribbble.com/shots/20002701-User-role-management

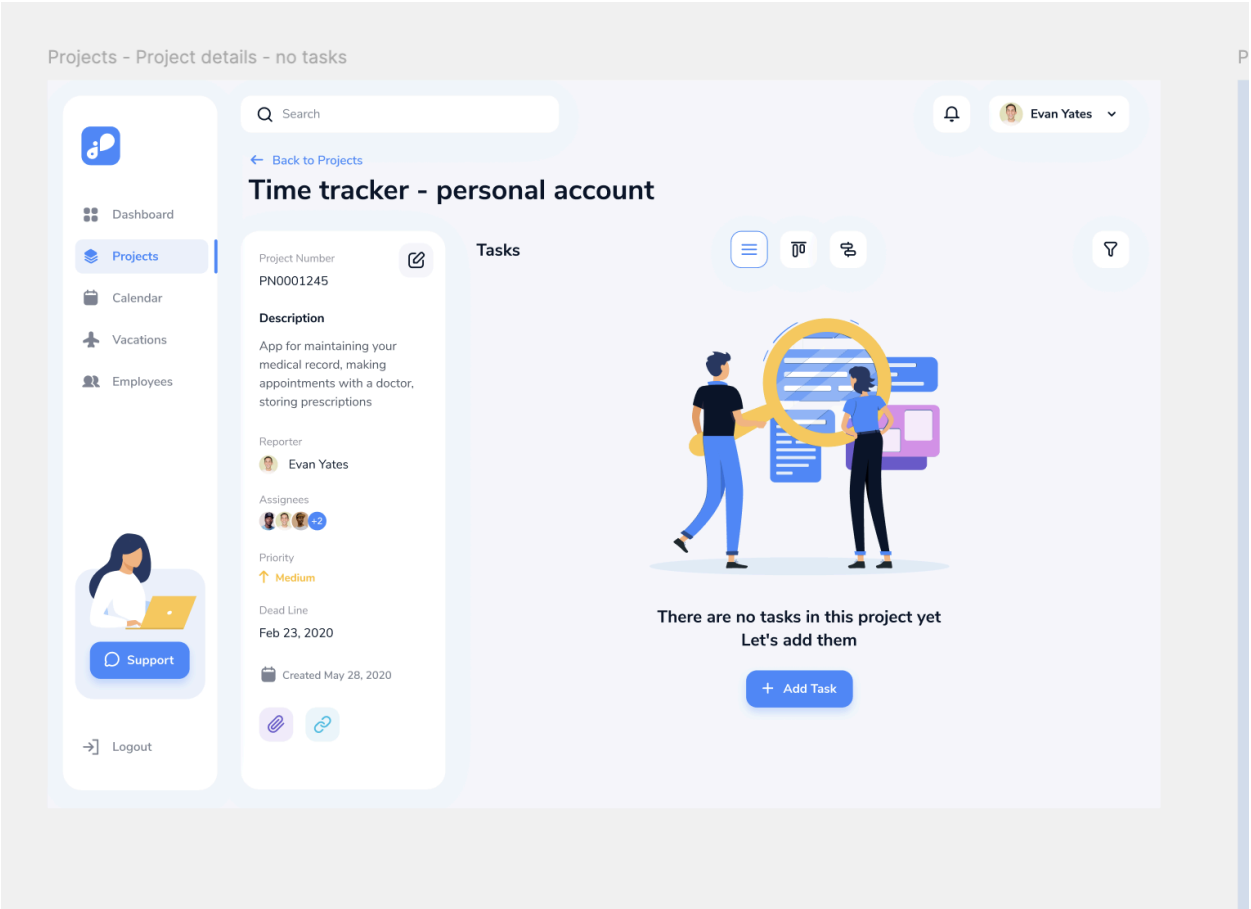
Remove commission + operation guide

View page with back button

Card design research and then implement heading + paragraph

For lead view page
https://dribbble.com/shots/22678831-UI-with-multiple-tab-levels

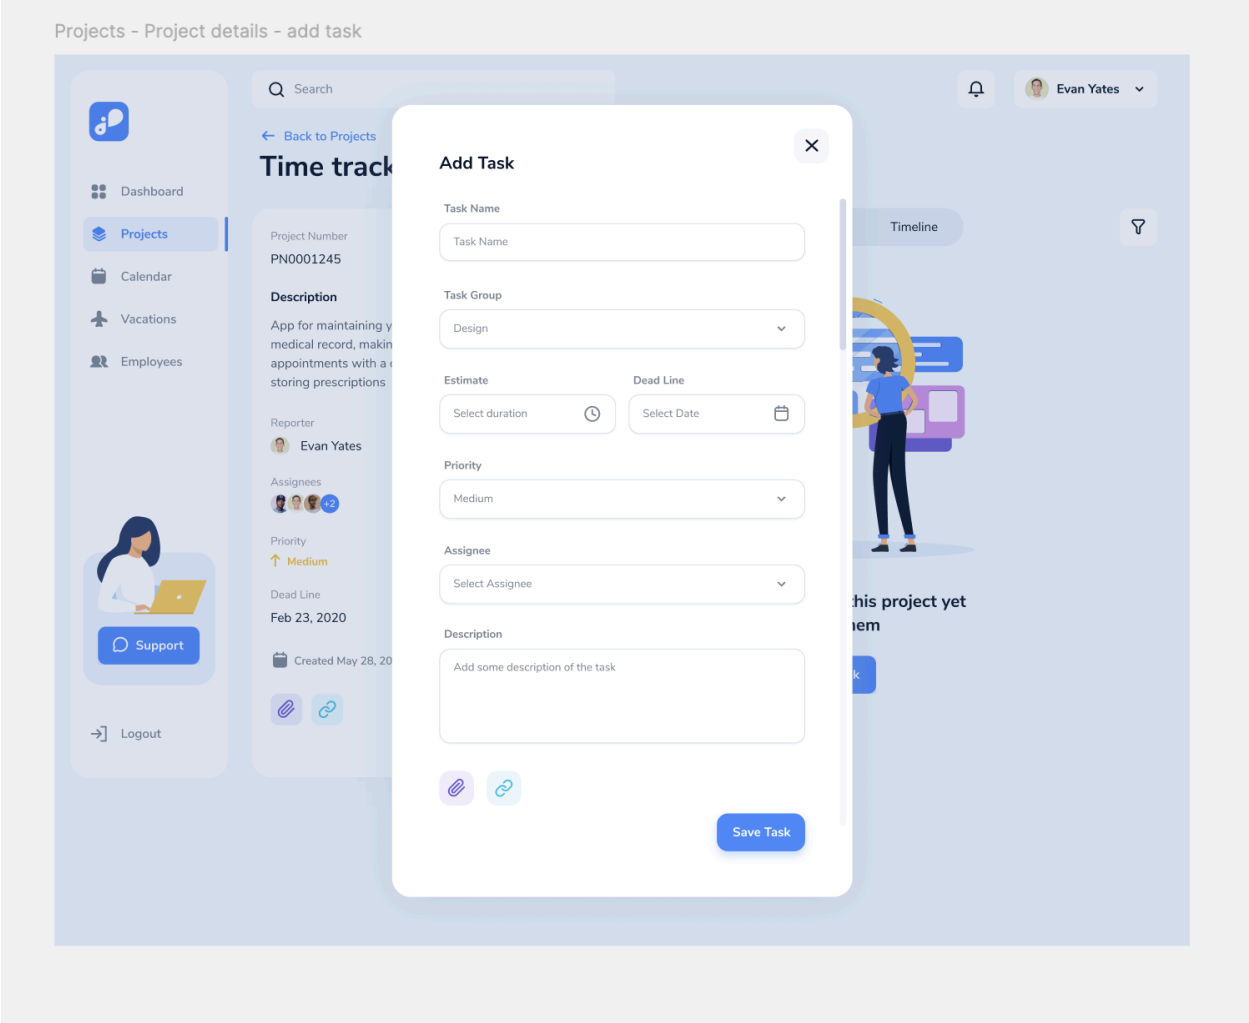
Multi-tab view page



Left per profile card view

Right per tabs

Tabs main updates document, leads, updates



Use form from here

Edit task

Are you sure to delete third action

Spinners loading walay wherever data is loading
